

MANUFACTURERS OF QUALITY ACRYLIC BATHS,
AIRSPA'S, & EASY ACCESS BATHS

The focal point of a well conceived bathroom is always the bath.

The Renaissance designs in this brochure illustrate just how innovative and stylish your bathroom can be. The range has been created to suit all needs. So from spa baths to unusual shapes such as rectangular, corner, shower baths, or free standing baths, you will not have to compromise your bathroom design.

Just as there is an art in creating a beautiful shape, so too is there an art in manufacture. Utilising expertise from around the world we design and construct our own manufacturing equipment, employing state of the art technology to ensure the quality of the product that reaches you is undeniable.

When it comes to judging the finished product there is no substitute for the human eye. Meticulous inspection at each stage, particularly in the finishing and polishing area, combines art with the science of manufacture.

Equal care is taken in packing so that everything arrives in the same pristine condition as it left us.

Only your eye is good enough. We hope you will find what you like and like what you find.

MANUFACTURERS OF QUALITY ACRYLIC BATHS, AIRSPA'S,
SHOWER TRAYS & EASY ACCESS BATHS

Armour Plus

Four great reasons

Armour Plus is a special process which has been developed to create a very rigid, super-strong acrylic bath.

Renaissance has produced the modern equivalent of the old cast iron bath but with a better surface and a warmer touch. How do we do this?

LAYERONE

Outer surface. High gloss acrylic. Solid colour won't fade or rub off.

LAYER TWO

Glass reinforced Polyester provides strength & high impact resistance.

LAYER THREE

Special mix of Polyester resin & glass fibre increases torsional rigidity.

LAYER FOUR

"Blue" mix of Polyester resins seal the shell & completes the lamination.

Whereas most acrylic baths are constructed in two layers, Renaissance Armour Plus baths have four layers. Each one is designed to provide extra strength exactly where it is needed. This requires manufacturing to a high degree of accuracy such as that which is provided in the motor industry by robots. So we decided to use robotics to do this exacting job for us.

Liten

Bath	Encapsulated	Armour Plus
Liten 1200 x 685mm	£250.00 Inc Vat	£422.00 Inc Vat
Liten 1300 x 685mm	£260.00 Inc Vat	£440.00 Inc Vat
