

The **art** of easy access
bathing for all the **family**

The **valens** easy access bath

This modern easy access shower bath gives you the choice to upgrade your bathroom to an easy access bath without losing the style and finesse that all people want to achieve. This product has a fully moulded front panel with a detachable plinth for access. This is easily removed due to the development of a magnetic system rather than clips and mirror screw fixings. It is ideal for bathing or showering.

Step One
Bath screen is easily folded into or out of the bath

Step Two
Door and screen are made from tempered safety glass

Step Three
Door is operated electronically by a touch button and an indicator light shows when the bath is fully sealed

Step Four
Low threshold height allowing easy access

Step Five
Simply close the door for a secured bathing experience

Step Six
If showering is your choice the shower screen sits snugly over the bath door with the assistance of magnets

Bath screen opens into and away from the bath

Door folds into bath allowing wide access

Easy twist handle on either (optional) waste for easier use

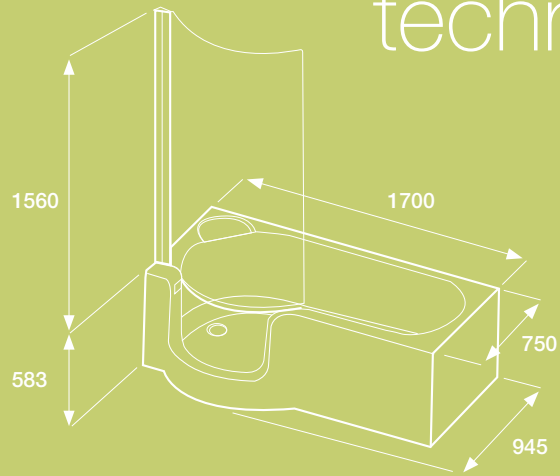

Electronic door operating button

The **valens** features

- Fully formed acrylic bath tub with a separate operating glass door and bath screen
- Easy twist pop up bath waste or overflow fill (optional)
- Battery back up in case of power failure supported by an audible alarm
- Water sensor ensures the door remains inactive until water has passed below a certain level
- Soft Gel headrest (optional)
